Academic Qualification

2020 – 2024   Bachelor of Science in Computer Science   Institute of Business Administration, Karachi   CGPA 3.3

Professional Experiences

Zapdas Cooperate Co, Frontend Developer Intern   **June 2021 – August 2021**
- Improved understanding of Bootstrap and rendered client's template pages which helped make them responsive
- Implemented animations in the web page through the Owl Carousel framework according to the client's requirement.

GYB Commerce, Backend Developer Intern   **January 2022 – June 2022**
- Learned Django/Rest Framework from scratch and integrated on default project assigned by Dennis Ivy(a programming YouTuber)
- Implemented prior knowledge of SQL and built on it; this helped me start on and gain insight into PostgreSQL
- Worked on a client's Django-based project named Raye.pk which is a website based on E-commerce platform. I developed models to store the record of the customers that has shopped from the website
- Integrated a review function on short notice which get reviews based on email format from the clients for products that have been shopped from any platform registered to the client's website

Zapdas Cooperate Co, Mern-Stack developer   **August 2022 – Present**
- Learned JavaScript, Node.js, and React from scratch through Udemy and FreeCodeCamp and integrated on default Employment based project.
- Implemented role-based authentication for Admin, Merchant, and Customers on a live project called Book Better. Along with my work, I spent extra time assisting a teammate in putting a new bookings-related client feature into place.
- Utilized MongoDB to develop client-side API's on Node.js, including features such as filtering, fetching by ID, enabling/disabling functionality, confirmation emails, and pagination and stripe.
- I took a lead in backend and helped my frontend team to develop the admin dashboard for Book Better.
- Proven knowledge and understanding of concepts helped in developing an admin dashboard for another project, Project Mars, on MERN stack as a CRUD application for a company.

Freelancing, Facebook Marketing   **September 2022 – January 2023**

- Helped Client to grow his business by booking B2B clients through different strategies which includes first messages, profile hunting.

Extracurricular Activities

IBA Adventure Club, Executive Council and Head of Logistics   **November 2021 – June 2022**
- Rendered subsidized events, weekend trips and tours to IBA students and alumni such as a cruise to Marina Club, weekend getaway to Thatta and Bhambore City and tour of Swat and Kashmir that were 20-50% cost-friendlier than competing tour agencies incubated at the IBA, Karachi
- Primarily overlooked dealings with vendors for transportation and security and conducted market research across Karachi in various areas such as Saddar, Gulshan and Gulistan-e-Johar for affordable pricing of team uniforms
